

"Lights on for Safety"

That tail light on your car still out?
Driving with only one headlight?
Overhead light in your car doesn't work anymore?

Don't forget that on Saturday, Nov 1st, from 8:30 to 3:00PM at the Automotive Shop at Mount Si High School, Auto Tech students and SkillsUSA members will be hosting a **"Lights on for Safety"** program, replacing light bulbs on your car or truck, aiming headlights and checking car batteries too. This is being offered to the community for absolutely free. No appointment necessary.

A small donation toward our program is always appreciated. We will also be collecting canned food for the food bank.

Drive on Over and Brighten the Road!
