Fundraising Goal for 2009-2011

The floods in January wiped out our instrument storage room cabinets which at the time were substandard as they were oversized, unsafe and unlockable. Due to strict FEMA regulations the district would only have been able to install cabinets of the same design and cost.

The band program has contacted Wenger Instrument Storage and they will be installing lockable, sized cabinets of high quality, durable materials.

The cost of this project is \$24,000 and will store \$100,000 worth of instruments for years to come. We are confident that within the next 1+ years we will be able to fundraise the necessary funds to complete this project and we would like your help. Thank you for your continued support of our program.
